

The Serenity appeal

Doncaster Royal Infirmary and Bassetlaw Hospitals create 'Serenity Appeal' to increase the level of care in maternity bereavement.

About the appeal

With much sadness, every year many families suffer the pain and trauma of losing a little one. Although we cannot change what has happened, we can make this experience that little bit easier for the families. As such, your Local-Lions need your help to make significant improvements to the maternity bereavement services so they can provide the gold standard of care that local people deserve.

To help make these improvements possible, Tickhill and District Lions pledged £10,000, which was increased to £15,000 by a donation from Thorne Rural Lions. In August 2022 this was matched by Lions Club International Foundation to make a grand total of £30,000 so far.

Recent fund-raising events, like the Classic Car Shows, have contributed greatly to this pledge. The Serenity Appeal are aiming to raise £150,000 and we are delighted to be able to help them reach this target.
